

List of Projects

17 August 2017

Responsible applicant	Home institution of responsible applicant	Main discipline	Title	Amount approved (in CHF)
Thomas Bernauer	ETH Zürich	Political Science	Impacts of Corporate Social Responsibility Initiatives on Citizen and Stakeholder Attitudes and Behavior Towards a Green Economy	363'478
Sandor Czellar	Université de Lausanne	Science of Management	The Influence of Environmental Identities on Sustainable Market Behaviors	561'327
Rober Finger	ETH Zürich	Agricultural Engineering	Reconciling innovative farming practices and networks to enable sustainable development of smart Swiss farming systems	1'089'135
Joseph Francois	Universität Bern	Economics	Switzerland's Sustainability Footprint: Economic and Legal Challenges	863'950
Karolin Frankenberger	Universität Luzern	Economics	Laboratory for Applied Circular Economy (LACE)	935'588
Volker Hoffmann	ETH Zürich	Science of Management	Towards A sustainable CircuLar Economy – Combining a material flow with a business and policy perspective (TACLE)	808'342
Susanne Kytzia	Fachhochschule Ostschweiz - FHO	Engineering Sciences	Co-Evolution of Business Strategies in material and construction industries and public policies	397'836
Markus Lips	Agroscope	Agricultural Engineering	Analysis of economic and environmental performance at enterprise level for Swiss agriculture	222'500
Markus Maibach	Infras	Economics	Economic impact of decarbonisation scenarios for the transport sector in Switzerland	339'987
Alexander Mathys	ETH Zürich	Environmental Sciences	Nutritional combined Environmental Impact Assessment of Swiss Food Consumption and Trade	399'978
Christopher Mutel	Paul Scherrer Institut	Engineering Sciences	Open Assessment of Swiss Economy and Society (OASES): Identification of the environmental and social drivers and resource related risks of Swiss production and consumption	778'446
Urs Niggli	Forschungsinstitut für biologischen Landbau - FiBL	Environmental Sciences	Enhancing supply chain stability, resilience and sustainability through improved sub-supplier management –chocolate and cotton apparel case studies	617'020
Joëlle Noailly	Inst. de Hautes Etudes Internat. et du Dév - IHEID	Economics	Financing investments in clean technologies	714'719
Roland Olschewski	Eidg. Forschungsanstalt für Wald, Schnee, Land - WSL	Economics	Determining the Insurance Value of EcoSystems	660'483
Jean-Charles Rochet	Université de Genève	Economics	New Approaches to Sustainable Finance	764'102
Jan Schmitz	ETH Zürich	Economics	Fostering the Sustainable Use of Natural Resources in SMEs: Does Nudging Work?	586'004
Renate Schubert	ETH Zürich	Economics	Sustainable Consumer Behaviour - The Relevance of Spill-over Effects in the Use of Natural Resources	718'280
Tobias Schulz	Eidg. Forschungsanstalt für Wald, Schnee, Land - WSL	Political Science	Analyzing TRade-offs between sustainable Economy and Environmental objectives (ATREE)	693'873
Peter Seele	Università della Svizzera italiana	Communication Sciences	Sustainable Public Procurement (SPP): Developing and Testing Sustainability Indicators for Public Procurement Tenders in Switzerland in line with the WTO Government Procurement Agreement - and their social acceptability and legal feasibility	388'610
Matthias Stucki	Zürcher Hochschule f. Angew. Wissenschaften - ZHAW	Environmental Sciences	Green Hospitals: Environmental Impact Assessment, Resource Efficiency, and Hands-on Applications	599'848
Philippe Thalmann	EPF Lausanne	Economics	Shrinking housing's environmental footprint (SHEF)	725'788
Esther Thürig	Eidg. Forschungsanstalt für Wald, Schnee, Land - WSL	Forest Engineering	SessFor - Sustainable development of ecosystem services in Swiss forests	649'434

Responsible applicant	Home institution of responsible applicant	Main discipline	Title	Amount approved (in CHF)
Bernhard Truffer	Eidg. Anstalt für Wasserversorgung - EAWAG	Social Geography and Ecology	Challenges and Opportunities of Modular water Infrastructures for Greening the Swiss Economy (COMIX)	645'928
Patrick Wäger	Eidg. Material und Prüfungsanstalt EMPA	Environmental Sciences	Constraint Aware Pathways to the Post-Fossil Swiss City (CAPATHITY)	984'257
Rolf Weder	Universität Basel	Economics	Transition to a 'Green Open Economy': Labour Market Effects and Implications for the Swiss Economy	658'777
