# New CV – Generation, Submission

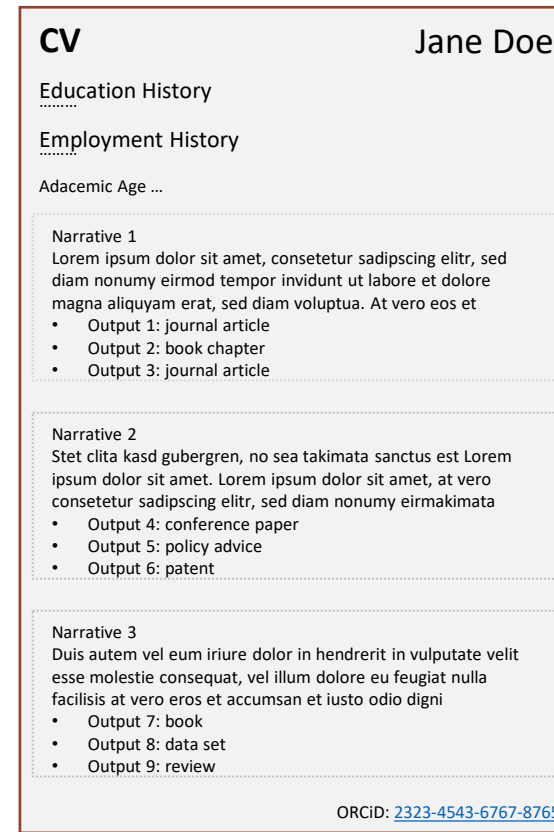

## CV Generation

Via  SNSF Portal

- \_online platform; structured procedure, guidance
- \_same CV template for all funding instruments
- \_ORCiD integration
- \_Data storage for easy re-use and resubmission

## CV Submission on SNSF platforms

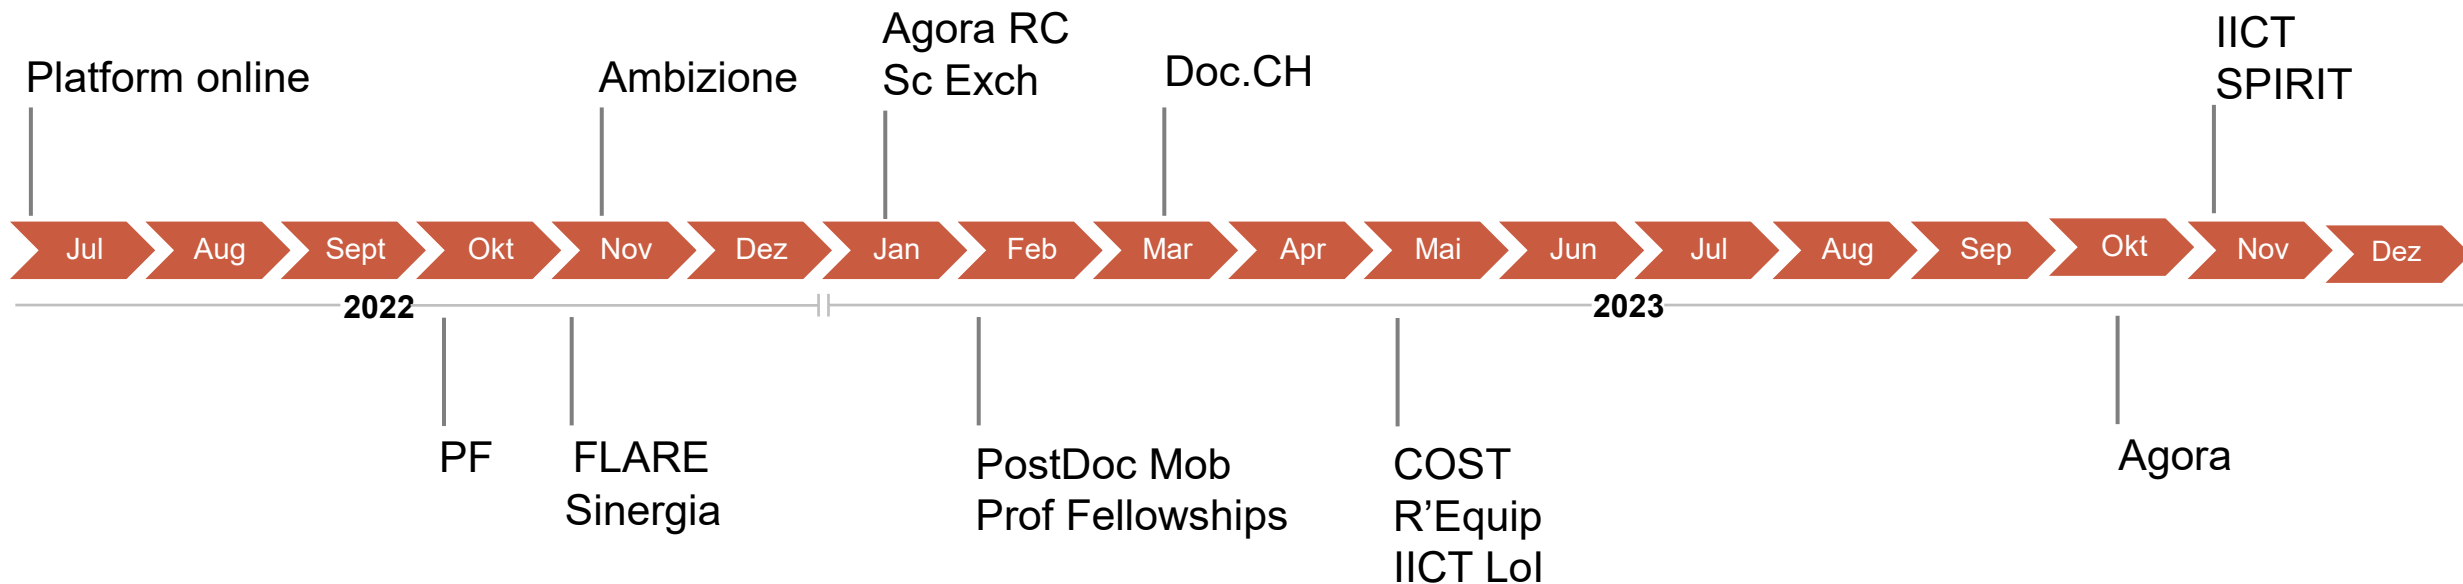

PDF

Integrated

# CV Implementation – Timeline 2022-2023

- First submissions of new CV format for Oct 1, 2022, project funding scheme
- Step-by-step implementation across SNSF (timeline can be subject to changes; check SNSF website)

# Education and Employment History

- List relevant education and degrees; and past and present employments
- Provide information about disciplines, fields or type of degrees
- Include non-academic training and employments as well

## Education

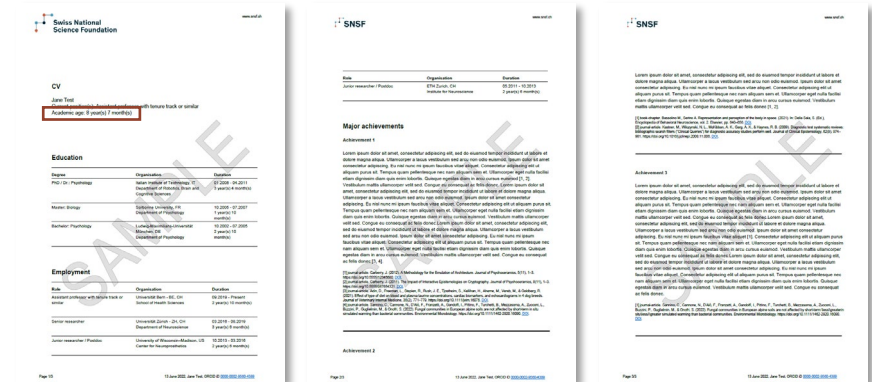

Degree	Organisation	Duration
PhD / Dr.: Political Economy	Universität Zürich - ZH, CH Department of Economics	11.2015 - 05.2020 4 year(s) 7 month(s)

## Employment

Role	Organisation	Duration
Senior researcher	Universität Bern - BE, CH Economy	06.2020 - Present 2 year(s) 1 month(s)

# Net academic age

- **Rationale:** Include a possibility for applicants to account for and declare a range of career breaks or time spent outside academia
- **Use:** evaluation of your track record of achievements in relation to your net academic age; allows to make a fair comparison with other applicants; not used for eligibility windows
- **Good to know:**
  - Deductions are not visible for evaluators
  - provide short description of deductions, facilitates plausibility check by office

## CV

Jane Test  
Current position(s): Assistant professor with tenure track or similar  
Academic age: 7 year(s) 9 month(s)

# Net academic age - Calculation

Start Point

\_PhD defence or  
\_equivalent qualification or  
\_state examination (clinicians)

End Point

submission deadline of  
respective call for  
proposals

Gross Academic Age

Net Academic Age

Full time equivalent (FTE) number of years  
and months the applicant has worked in  
academia

# Net academic age - Deductions

– A range of possible deductions to account for different career paths and personal situation:

## Categories

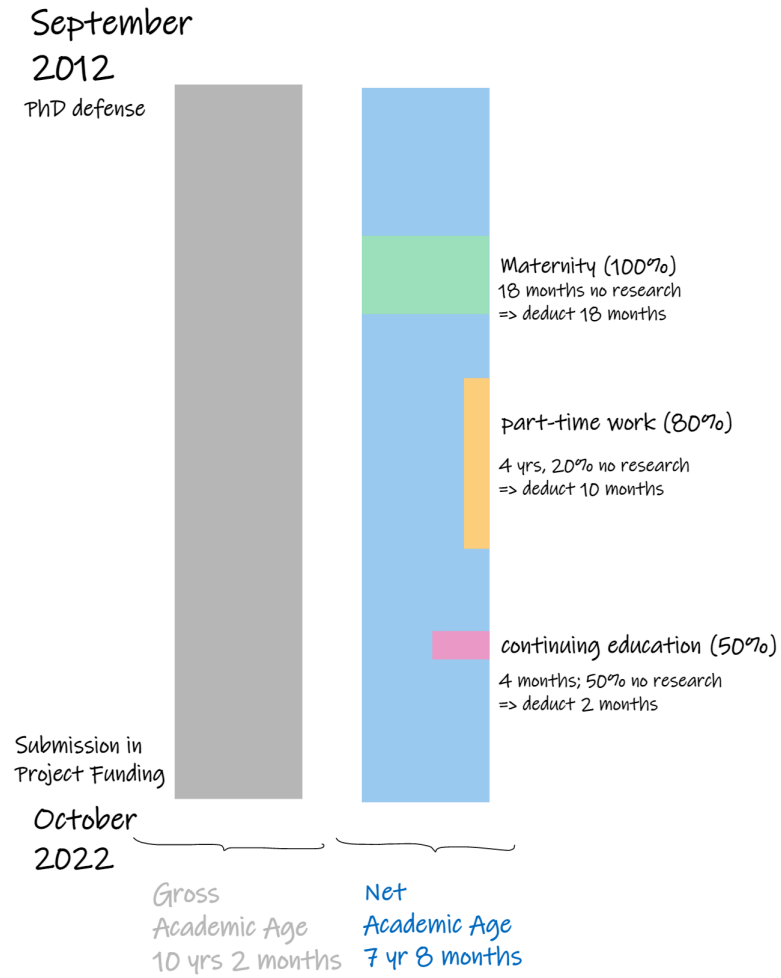

- maternity
- paternity
- adoption
- parental leave
- care duties
- inability to work due to illness or accident
- services that benefit the general public
- continuing education
- non-scientific employments
- clinical activities
- part-time work
- unemployment

## Deductions:

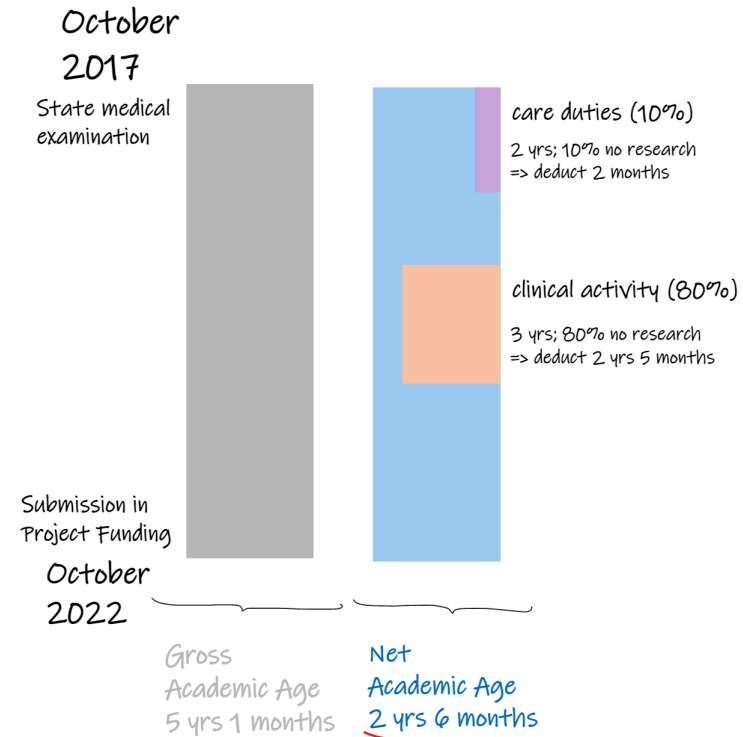

- maternity: Actual time and option for voluntary compensation of up to 18 months per child. Mothers have the option to decide which deduction best reflects their respective situation.
- all other categories: actual time

# Net academic age - Examples

## Example 1

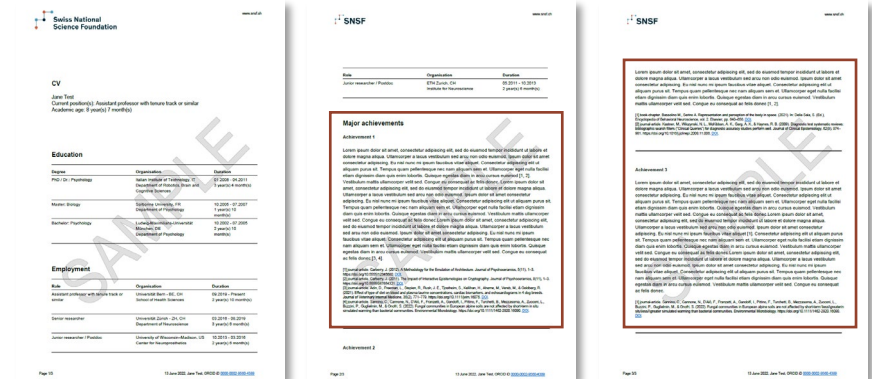

## Example 2

# Major achievements and selected works

- **Rationale:** Applicants can highlight their most significant achievements, in a combination of narrative elements with references to works as supporting evidence
- **Use:** evaluation of your track record; together with research plan
- **Good to know:**
  - Achievements can be chosen from entire career
  - No necessary link to proposed research needed

# Quality over Quantity

## – Currently in CVs:

- Often lists
- Missing context
- Quantitative information

\_Invited lectures: Conference A, Symposium B, Meeting C

\_Prizes: Winner of Conference Scholarship, Prize A

\_Supervision: 18 Master students, 7 PhD students

\_Grants obtained between the years 2010 and 2021: Total: 2.4 mio CHF, Average 200'000 CHF / year.

– **Goal:** rather describe your contribution and the overall impact of the achievement, how does this show your abilities/qualities as a researcher

## – Achievements will be different but it is ok!

- Depend on career stage
- Discipline-specific
- Personal research interests and skills

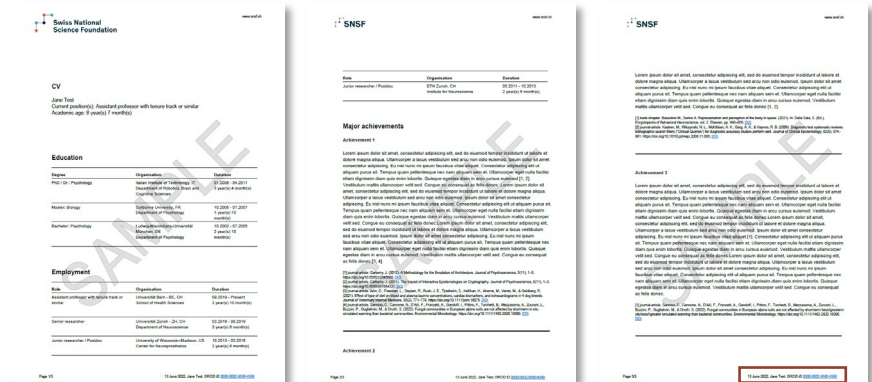

\_Format is standardized but gives flexibility

\_Shift towards CV formats with focus on narrative elements (NIH, FNR, NWO, US NSF, NIH, etc.)

\_information/training for panel members at SNSF

# ORCID iD

- **Rationale:** Unique identifier, additional source of information
- **Use:** can be consulted by evaluators, if they feel unable to judge the achievements and the competencies of the applicants on the basis of the narratives, the science part of the application and, where the scheme asks for it, the career plan
- **Good to know:**
  - Data import for works into SNSF-portal
  - Swiss ORCID consortium

## Evaluation of CV pilot

\_pre-print Strinzel et al., 2022

The screenshot shows the SNSF CV platform interface. At the top, there is a navigation bar with the SNSF logo and language options. The main content area is titled 'CV' and features a sidebar with a progress indicator for different sections: Basic data, Academic age (checked), Education / qualifications (checked), Employment, and Major achievements (checked). Below the sidebar is a 'Download CV' button. The main text area contains an 'Introduction' section with sub-sections for 'Aim' and 'Submission'. The 'Aim' section explains the goal of the new CV format to improve evaluation and ensure DORA-compliance. The 'Submission' section details the process of generating and uploading the CV. A 'Show less' link is visible below the text. On the right side, there is a pink navigation bar with 'Homepage' and 'Funding' links. Below this, the 'Funding' section is highlighted, with the text 'Which SNSF scheme is best suited to you' and 'Get detailed information about project su'. At the bottom right, there is a decorative image of a blue and white striped pattern.
