### How can the SNSF support your career?

Are you interested in a fellowship for a stay abroad or in obtaining funding for your research project? Would you like to become independent and form your own team? The Swiss National Science Foundation (SNSF) is hosting various stands and holding presentations and workshops where you can learn more about our funding schemes.

The Research Day is aimed at all researchers, from doctoral candidates to professors. Attendance is free and it is not necessary to register in advance.
