

Factsheet of readily available funding as well as schemes for international collaboration and career funding for incoming scholars in any discipline and for any country

Category	Description	Eligible costs	Deadlines
<i>Readily available funding</i>			
Scientific Exchanges	<p>Scientific Exchanges are aimed at Swiss-based researchers who wish to</p> <ul style="list-style-type: none"> invite colleagues from abroad for a research visit to Switzerland or visit their colleagues abroad. Research visits are funded for a period of 1 to 6 months. host a scientific event in Switzerland. Scientific conferences or workshops may last from 1 to 5 days and can also be conducted in an online or hybrid format. <p>Scientific Exchanges can also support Scholars at Risk placements of up to one year, for researchers under threat. This needs to be assessed by Scholars at Risk in Switzerland and the researchers need to be offered a place at a Swiss university before support can be provided. Applications are submitted by Scholars at Risk representatives at the institution in question.</p>	<p>Travel expenses, room and board costs of the travelling researchers; additional expenses for accompanying children.</p> <p>For online and hybrid events: Costs for external services and technical equipment for more elaborate online aspects of events.</p> <p>For Scholars at Risk: Travel expenses to Switzerland, equivalent of a one-year salary, up to CHF 110,000 in total.</p>	<p>At least 4 months before the scheduled start of funding</p> <p>None. Scholars at Risk applications can be submitted at any time.</p>
Participation in ongoing SNSF-funded projects	<p>PIs might be able to cover the following costs using the global budget of their ongoing grant:</p> <ul style="list-style-type: none"> Personnel costs for PhD students, postdocs and other personnel (details in Art. 7 General Implementation Regulations). Costs of collaboration activities directly linked to the research project, travel costs, costs for organising events. <p>All ongoing grants can be found on the SNSF Data Portal.</p>	<p>All eligible costs are described in more detail in Art. 8 of the Project Funding Regulations. Availability of funds depends on the awarded global budget.</p>	<p>None, as long as the grant is ongoing.</p>
<i>Schemes for international collaboration and career funding for incoming scholars</i>			
Sinergia	<p>Sinergia promotes interdisciplinary collaborations between 2 to 4 applicants proposing breakthrough research. If there are 3 or 4 applicants, 1 applicant may be based at a research institution outside Switzerland. All applicants must have obtained a PhD at least 4 years before submitting the application or have equivalent research experience. Sinergia grants last up to 4 years.</p>	<p>No PI salary, but personnel costs of PhD students, postdocs, other personnel, material costs, direct costs for use of infrastructure, conferences and workshops, national and international cooperation and networking</p>	<p>2 November 2022</p>
SNSF Consolidator Grants (CoG)	<p>Since Switzerland is not currently associated to Horizon Europe, the SNSF is launching calls to support researchers (based in Switzerland or abroad) who planned to apply for an ERC Consolidator Grant in Switzerland. Applicants must have a PhD or equivalent degree awarded >7 and ≤12 years prior to submission. A confirmation from a host institution in Switzerland is required with the application. The grants are awarded for up to 5 years.</p>	<p>Salary and social security contributions for the PI / scientific and technical staff; material costs, costs for project-related use of infrastructures at institutions or laboratories; costs for sub-contracting; installation costs in connection with the move to Switzerland.</p>	<p>1 June 2022 (<i>pre-registration after the deadline of 2 May 2022 is possible</i>)</p>

Category	Description	Eligible costs	Deadlines
Project partners in SNSF projects	PIs can include project partners in their project. Project partners are researchers in Switzerland or abroad who make a partial contribution to a research project. Project partners must be designated in the application. The project partner role is supported in most SNSF funding schemes.	Project partners may request up to 20% of a project's total budget.	Various, for Project Funding: 1 April and 1 October
Ambizione	Ambizione is aimed at early-career researchers (from Switzerland or abroad) who wish to conduct, manage and lead an independent project in Switzerland. Applications may be submitted no later than 4 years after the PhD. Ambizione grants are awarded for up to 4 years.	PI's salary and the funds needed to carry out the project.	1 November 2022
Swiss Postdoctoral Fellowships (SPF)	Since Switzerland is not currently associated to Horizon Europe, the SNSF is launching calls to support researchers (based in Switzerland or abroad) who planned to apply for a Marie Skłodowska-Curie Postdoctoral Fellowship in Switzerland. The Swiss Postdoctoral Fellowships (SPF) facilitate a research stay in Switzerland of up to 24 months for postdocs. SPFs are awarded for a continuous stay in Switzerland. It is permissible, however, to conduct short research stays at different host institutions for the maximum total duration of one third of the SPF.	PI's salary, project funds (including research costs directly linked to project implementation), training and networking	Next call likely in autumn 2022
